

---

We aim to support the provision of education, training and recreational facilities for young people and vulnerable or isolated adults in Kirklees, so as to develop their physical, mental and spiritual capacities. We do this by enhancing and strengthening recreational and learning facilities and by giving grants to those needing support and assistance.

Our mission is to enable young people, vulnerable or isolated adults, in particular those who are disadvantaged or with special needs, to participate in adventurous, volunteering and skilled activities.

The Trust works closely with the Kirklees Council's DofE team, but it is an independent Registered Charity, **which relies entirely on donations and grants.**

KAT, formerly The Kirklees Duke of Edinburgh's Award Trust, is a registered charity, established in March 2007.

Our Main Activities are to:

- Provide and support adventurous activities, notably but not exclusively the Duke of Edinburgh's Award, through voluntary effort and fundraising.
- Support & strengthen the facilities and resources at the Activity Centres of Little Deer Wood and Quarry Hill.
- Maintain links with interested parties and encourage their support.
- Liaise with other Award groups to promote best practice.

---

## How to Apply for Funding

Individuals or groups can apply to Kirklees Adventure Trust for assistance with funding to participate in adventurous, volunteering and skilled activities.

Application forms for funding can be obtained from Little Deer Wood or via our website.

We would also welcome any contributions to the work of the charity, including grants, donations and volunteers.
